

# the Best Care for Mom & Dad

Sometimes the best medicine is being able to see an old friend. In this case, that old friend has four legs and a wet, brown nose. It has been some time since Ollie, a therapy dog, has been able to visit. He is now able to get back into his routine and spend time with his friends. As he led me down the hall, it was almost as if he knew whom he was supposed to visit first. ***The smiles and laughter he brings to both the residents and staff are priceless.*** We look forward to our next visit Ollie.

## Updated Visiting Guidelines Announced

- Visiting Hours 9 am-8 pm, excluding meal times.
- Residents are allowed up to 2 visitors per visit.
