

the Best Care for Mom & Dad

A TRIP TO THE farm

Heldt Produce was the destination of our latest adventure. It is a family owned and operated business located between Yutan and Ashland. Our group of residents watched the watermelons and cantaloupe being picked out of the field and loaded onto the truck. We went home with a couple watermelons and were able to pick a few tomatoes to take back to sample.

While on the bus, everyone enjoyed kolaches from the Wahoo Bakery. Thanks Mike and crew for your hospitality and for allowing us to visit!

What You Should Know This Flu Season **EDUCATION CORNER**

The best way to prevent the flu is with a flu shot. The CDC recommends getting one each year by the end of October. Vaccination is especially important for people over the age of 65 because they are at a higher risk for complications. For elders at Long Term Care, being up-to-date with vaccines, especially flu and pneumonia, are highly encouraged to help prevent the spread of illness to a vulnerable population.

We will be administering flu vaccines to consenting residents on Wednesday, October 11, 2017.
