

the Best Care for Mom & Dad

Caring is
in Full
Bloom!

Marcy Meduna enjoyed some of the flowers delivered, as did many of our residents.

We are so thankful and blessed to live in a community that cares about and supports the residents of Long Term Care. The Mead High School FFA chapter delivered flowers that brought smiles to both residents and staff. The acts of kindness that have been shown to us will not be soon forgotten. Thank you Mead FFA and everyone who has made us feel special with your generosity and thoughtfulness.

World Blood Donor Day June 14th

Did you know, every 2 seconds someone in the United States requires blood? The average person has 10 pints of blood in their body. Richard Lower was the first person to successfully transfuse blood between animals. Once this was perfected, blood transfusions were slowly introduced to humans. Karl Landsteiner discovered human blood typing and that is when blood transfusions became essential in the medical field.

How can I help? Give blood. The process is easy. Dedicate one hour of your day to donate this life saving product. Tell your family, your friends, and coworkers how important it is to give blood.

Where can I donate? It is simple!!!! Red Cross travels the country setting up blood drives to help people conveniently donate. Find a drive near you at: <https://www.redcrossblood.org/give.html/find-drive>. If you are in the Saunders County area, you can register to give at Saunders Medical Center's next drive by going to our website: <https://saundersmedicalcenter.com/about-us/events/blood-mobile.html>. For more information on World Blood Donor day go to <https://Nationaltoday.com/world-blood-donor-day/>.

Making The Difference

♥ ROBERT SHECKLER

HOMETOWN
Verdigris, Nebraska

JOB OVERVIEW
I have worked in healthcare administration for 25 years. I recently joined the SMC Team as the Long Term Care Administrator. My number one goal is to ensure our residents receive the highest quality of care and enjoy the best quality of life.

WHEN DO YOU SEE RESIDENTS SMILE MOST?
Residents smile the most during our engaging activities such as "car racing" in the dining room, sing-a-longs and planting flowers.

OUTSIDE INTERESTS
I am involved with my church. I love spending time with my family, training my dog, hunting & fishing.

FAMILY
My wife Deb and I have 3 children and 6 grandchildren, a 4-year old lab and a cat called "Squeaker." Interesting fact: I have an identical (mirror) twin brother!
