Welcome to Our New Team Member: Alex Weaver, RN

We're excited to introduce the newest addition to our MS and Migraine Clinic team — Alexandra (Alex) Weaver, RN!

Alex brings a strong background in Medical-Surgical, Oncology, Perioperative, and Post-Anesthesia Care Unit (PACU) nursing. Her wide-ranging experience allows her to provide compassionate, comprehensive care to patients with complex neurological conditions.

She is bilingual in Spanish and holds certifications in Basic Life Support (BLS), Advanced Cardiovascular Life Support (ACLS), and Pediatric Advanced Life Support (PALS), making

her an asset to our diverse patient community.

Alex has lived in Nebraska for eight years and has proudly called Wahoo home for the past four. She is passionate about building strong relationships with patients and creating personalized care plans that support each individual's journey to better health.

When she's not at work, Alex enjoys spending quality time with her family, reading, tending to her growing plant collection, and baking.

Please join us in welcoming Alex Weaver to our team—we're so happy to have her!
