

the Best Care for Mom & Dad

celebrating THOSE WHO BUILT THIS COUNTRY

National Nursing Home Week

National Nursing Home Week was established in 1967 by the American Health Care Association and begins on Mother's Day each year. This year's theme "The Spirit of America," recognized the bond between staff and residents that captures the American spirit. **The true spirit of America lies in the experiences and dreams of those who built this country.** During this week we celebrated our residents—the farmers, factory workers, teachers,

homemakers, veterans and others who helped shape this country! The week was filled with music, bingo, chair massages, and a special craft.

Did you know that Saunders Medical Center offers Behavior Health Therapy?

A FREE SERVICE

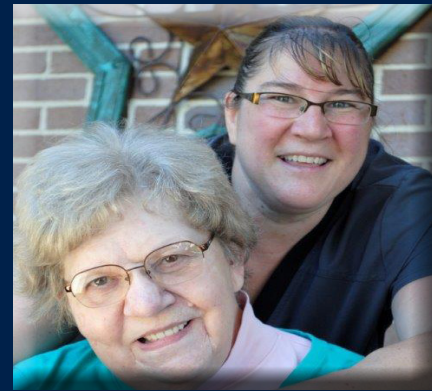

Saunders Medical Center is working in conjunction with Family Services of Lincoln to provide Behavioral Health Therapy to patients at our clinic. Making The Difference!

WORK HISTORY
Deanne has worked as a CNA/ CMA for Saunders Medical Center—LTC for four years.

THE BEST PART OF MY JOB
I love being able to care for the residents and help them with what they need. The best part of my day is when I can take the time to get to know them and talk to them about their family and what they like to do.

MY FAMILY AND INTERESTS
I have been married for 9 1/2 years to my husband Jerry and have six children—four boys and two girls.

I enjoy the outdoors sitting next to my pond with friends. We enjoy our summer vacations together...with Missouri being one of my favorite places to go and visit my Grandma.

I would like to accomplish getting my LPN in the future!

Thank you Deanne for making a difference in our residents' lives! Deanne is pictured above with resident Mary Ann Schense.
