

the *Best Care* for *Mom Et Dad*

April Fun April was such a busy month for us here at Saunders Medical Center LTC. We had visits from prom goers, dyed Easter eggs, our 5th grade friends came for a visit and a bunny stopped by for some snuggles. And of course, the groundbreaking celebration for our Lurine B. Little Sunroom!

Employee Engagement Survey

During the month of April, employees at Saunders Medical Center were invited to participate in an employee engagement survey. The survey focused on key areas such as workplace safety, internal communication, employee benefits, and the quality of services provided. This initiative offered staff an important opportunity to share feedback and suggestions—highlighting both areas for improvement and the strengths that make SMC a great place to work. At Saunders Medical Center, leadership firmly believes that supporting our employees and valuing their input is essential to delivering exceptional care to our patients and residents.
